## BABY VOX – A SAFE INTERIOR THAT SUPPORTS YOUR CHILD'S DEVELOPMENT

The time of preparations for your child's birth is among the happiest in life. However, decorating the nursery may turn out to be a true challenge! We believe that the space we live in affects us in a direct way: beautiful and creative surroundings help us develop and increase our awareness. This is the reason why we want to create the best environment for children: one in which they will be able to grow up unhindered and can become outstanding and genuine people. Our furniture and accessories have been designed to safely and comfortably welcome the newborn member of your family to your home. Gorgeous colors and gentle shapes will help you prepare a dream room for your baby. In time, you will realize that your child's room is your favorite place in the whole house!

## OVA BY VOX

Ova by VOX is a symbol of modern simplicity and functionality. Warm colours of wood or grey/beige will create a cozy atmosphere for resting in the nursery. The simple classic chest of drawers and wardrobe guarantee enough space for baby clothes. The plain fronts with simple handles introduce harmony and safety to your living space. The cot can be later transformed into a comfortable sofa bed. As your baby grows, the VOX furniture evolves with them.
